Printing area 549 x 260 mm
Please place logos, text, etc.
3 mm of welding seam and rolling

Position of the tap moveable

'All printing components that are not to have a metallic appearance will be given a white background. This background should be created in a custom colour and reduced by 0.1-0.2 mm in contrast to the printed colour. All coloured areas should overlap observing the following widths: light -> dark colours approx.. 0.2mm, light -> light colours approx.. 0.1 mm.'
